The Ministry of Education, Govt. of India, initiated to provide plagiarism detection software (PDS) to all Indian universities/institutions, including central, state, deemed-to-be, private, centrally funded technical institutions (CFTIs), institutes of national importance (INIs), and inter-university centers of UGC (IUCs). The INFLIBNET Centre is the nodal agency that executes the project/initiative under the aegis of the Ministry of Education. Currently, 1,82,645 users are using PDS-DrillBit Extreme Software, including over 50,000 migrated users from the old PDS. A total of 57,92,940 documents (57.92 lakhs) have been submitted for similarity checks under the MoE scheme ShodhShuddhi since 2019.

Objectives

Under the ShodhShuddhi initiative, universities and institutions across the country were provided access to Ouriginal (formerly Urkund), a web-based plagiarism detection software system. This initiative was officially inaugurated by the Former Minister of Education (formerly MHRD) on September 21, 2019, and continued until the contract with M/s Ouriginal by Turnitin concluded on September 30, 2023. Starting October 1, 2023, the INFLIBNET Centre began offering the 'DrillBit-Extreme Plagiarism Detection Software' to Higher Education Institutions (HEIs) as part of the same ShodhShuddhi initiative. The trial phase for this software was scheduled for October 2023, with full-fledged service commencing on November 1, 2023.
